

DEATH OF MRS. R. L. WHITNEY OF RED DEER, LAST WEEK

It is seldom that the passing of any one affects a community to the extent that the unexpected death of Mrs. R. L. Whitney early Friday morning affected the people of Red Deer. Mrs. Whitney had undergone a serious operation ten days before, and had been quite ill, but on Thursday there was a definite turn for the better, and in the evening she was chatting gaily with her husband. An hour or two later she had a serious turn in the early morning hours she slipped away. It was a desperately severe blow to her husband and children, and the sympathy extended to them will be both deep and widespread.

It is with the greatest difficulty that her friends are able to realize that that warm heart and that lovely spirit have gone. During the years of her residence here, Peggy Whitney had made a place for herself in the hearts of her friends that will not easily be filled. She had that lovely high sympathy and genuine nature coupled with a wondrously happy disposition. It was a privilege to be with her and a delight to know her.

Her chief interest outside her home and her family, to which she was devoted, was in the work of the Red Deer Dramatic Club. She was one of the best actresses it has, and her good fortune of Red Deer people to see on the amateur stage, and her performances were always a source of pleasure to the large audiences which greeted the presentations of the Club.

Elbel Evangeline Whitney was born in Liverpool, County Down, Ireland on November 20, 1895, and was in her thirty ninth year at the time of her death. She moved to Dublin with her family as a girl and came out to Canada where her brothers were in 1914. She returned to Ireland during the war, and in February 1918, she was married to the late Mr. Whitney, who was a member of the Royal Air Force, Surrey to Ralph Whitney, who was serving in the Canadian forces. After the war she came to Canada with her family as a girl and spent some time in Toronto where Mr. Whitney completed his University work. In 1929 they moved to Inglewood where Mr. Whitney was principal of the school. From Inglewood they went to Strathmore where Mr. Whitney was principal until his removal to Red Deer in September 1933. There are four children—Jan 14, Gran 12, Dornott 8, and an infant daughter Elizabeth, who is 4 months old. There are four brothers and a sister in Ireland and a brother in North Bay Ontario.

The funeral on Sunday afternoon from the United Church was one of the largest ever held in Red Deer, and was an evidence of the deep affection in which Mrs. Whitney was held by her friends who were present not only from Red Deer and district but from Calgary and Strathmore. Rev. D. W. Wright conducted the services and was assisted at the altar by Rev. J. J. Wright of Red Deer East. The pallbearers were: Dr. D. L. McCullough, Messrs. F. Graham and E. J. Johns, A. Connell, J. Welsh and D. G. Johns.

There were a great many flowers, and among them were remembrances from the United Church of Canada.

Local News Items

On Monday June 11th Mr. F. G. Hain, Assistant General Storekeeper at Winnipeg and Mr. W. J. Coe, District Storekeeper at Regina, were in town. They were driven to the various points by Mr. Stinson who turned them over to H. H. G. Angell for their inspection at Hain and the Eastern Section.

Mr. Spence Hughes is now regaining his strength following the removal of his tonsils two weeks ago. The recovery has been rather disappointingly slow but his many friends will be pleased to learn that now he is daily growing stronger.

Congratulations are extended to both pupils and teachers in the town of the United Church Saturday evening music no introduction. The orchestra has been heard here on other occasions and his singing has given extreme delight.

Miss M. K. Hand of Waterton will arrive Friday to be the guest of Mrs. Carter for a week.

Mr. Courtney Scott, who is one of the members of the concert party for Saturday evening is one of the younger soloists at the First Baptist church. She has also done considerable radio work during the last season.

The Oxford Group at the United Church next Sunday evening at 7.30. Soloists by Miss Mary Folk and Mr. C. A. Lyall.

What a landslide! and reversal of public feeling was shown as a result of Tuesday's vote. The victory for the Liberal party quite surpassed the expectations of the most sanguine.

It is evident that the people as a whole are heart sick and weary of hazy deferred. It surely looks like the "hand writing on the wall" for the party in power, when the Federal election does take place unless the 11th hour legislation and more may follow put through during the last few weeks of the session proves a saving plank in their political platform.

A card party will be held at Mr. Richard Barlow's home at Carleton Place, Thursday June 21st in aid of church of England funds.

A party composed of Mr. Ian Smith, baritone, Mrs. Courtney Scott, soprano and Miss H. H. G. Angell, alto, will give a concert at the United Church Saturday evening at 8.30. A door collection will be taken. The church board is desirous of having the church filled to capacity to give these artists a good hand and to show appreciation of their voluntary services.

The Lawn Social which was to be held at Mr. Patrick's residence on the 23rd of June has been postponed until July 7th owing to numerous other events taking place.

A representative team of the Oxford Group Calgary will be the guest speakers at the United Church next Sunday evening June 24th instead of July 1st as previously announced. Special music by the junior choir and solos by Miss Mary Folk and Mr. C. A. Lyall will be rendered.

Shorts Day Strathmore, July 2nd. Community Picnic, Wyndham Park, Carleton Place, Wednesday July 4th at 1 o'clock noon, sponsored by U. P. A. Admission to grounds free. Bring your own food and enjoy a 24 hour picnic of sports, races for all from 5 to 70 years. Ball games, horse races, etc. Refreshments at U. P. A. Booth during the evening at the Carleton Community hall. Come and enjoy a full day's pleasure.

SOCIAL CREDIT MEETING WELL ATTENDED MONDAY NIGHT

The Memorial Hall was filled on Monday evening with an audience in part weary and worn with the uneven struggle for existence and eager to grasp the first ray of dawn towards a bettering of conditions, others not so worn but realizing that conditions are not right and that a new change is coming and must be made and that it should be brought about by sane and reasonable methods, rather than some great upheaval. The time no longer exists, when the saying applies if a

man cannot work, neither should he eat. The progress of man has made the machine age in which one man produces will replace man-power in varying degrees, from one to one hundred fold and because of this no one will be so self centered and humanity lacking, as to say provision should not be made whereby self respect and independence can be maintained, and a better state of all around living prevail.

Mr. Albertini in his very interesting and able address, said the Douglas System would bring about the much to be desired condition and after studying all financial systems that had been tried in Alberta at least he felt that the Douglas System was the best and only system to adopt.

Mayor Shillington again made an interesting statement in a position which is not always easy to fill. He introduced Mr. Manning, who also played the way for the speaker of the evening, Mr. Manning, who had been at the system that had been levied at the system by persons who were assured it would not hurt. He answered by saying, "I am sure you will know until the system had been tried. He brought out the point, saying it would be funny were it not so tragic, of the Alberta Government, the responsibility to the Dominion Govt., and almost at the same moment the Federal Govt. was deciding each Province must be a

new man here in such matters. He touched on the question of the forthcoming election, rumors of which are flying in the air and he urged us people to think and vote intelligently and not vote away their rights.

Mr. Lydian in very excellent voice presented the Douglas System of Social Credit for all, with Miss Garrett at the piano.

The Chairman then called on Mr. Albertini who he said needed no introduction. Mr. Albertini's address was very clear, forceful and earnest presentation of the benefits of the Douglas System of Social Credit for all, and the injury to no one or no class.

Highlights in the Address. He pictured the present conditions and said individual effort must be protected. Help must be given to keep farmers from losing their farms and the Douglas System of Social Credit would bring benefit and Social Credit would bring benefit and Social Credit would bring benefit.

If social credit does not take any thing away from us, why are we crying to help people back on their feet. Poverty in the midst of plenty shows a lack of intelligence in the management of affairs. The expenditure of money in the purchase of clothing and shelter called the basic dividends is a force sweeping the world.

Mr. Albertini said they plan to cover every point in Alberta from North to South during July, so that when the next election comes, the people will know what the Social Credit System means and the importance of electing men in favor of giving it a fair trial. He said they had no time to face. (a) Lack of opportunity of people to know and understand; (b) Those prejudiced and determined not to see.

The benefits of the System are for immediate citizens of the Province. Mr. Albertini took up the matter of the seven million dollars of bonded debt being paid into New York every year and explained if that were kept at home it would go far to relieve the debt of the Province. He said they have a million dollars in bonds, having this amount sold in bonds to Alberta residents, and the resulting interest he said, that the interest of the above debt would give to the 400,000 adults of the Province \$21 per year and now we sit quietly by and do nothing for our province for ever.

There are 3 main points in the working of the System: 1. The price the stopping of exploitation. 2. Basic dividends for all. 3. The flow of credit must be kept moving.

A chart was used to show the benefit of credit kept constantly circulating. The method of issuing the basic dividends of advancing money to put in crops to purchase extra machinery and the use of the money was clearly shown in our lesson on May 28th during the meeting at Chead.

It was throughout a very important meeting, and the speaker was clearly and answered following which the National Anthem was sung.

LETTER RECEIVED FROM J. FAWKES

Jack Fawkes who left recently accompanied by George Watt of a trip to Great Bear Lake, gives an interesting account of his trip so far. They found McMurtry, the starting point, a town, a busy little town, with the trappers bringing in their catch. Leaving there on May 21st, in a few minutes they passed into the Athabasca River, quite a narrow, the banks on either side were mostly chert of far lands, great and flat it had been never the prairie. The party are following the ice down, and it must be a great sight to witness the break up of the river. The banks are high with trees torn away at a considerable height.

The means of transportation is a 55 HP. engine, plenty of power and speed if required. The trip down the river was interesting, with the old time trouble with propeller shaft and rudder; the company a good bunch of young fellows—only two fights so far. On May 24th they entered Athabasca Lake. It was evening, the snow was laid up to a tree stump in the delta. The lake is a huge expanse of water, with white, and a vast expanse of water where geese and ducks are plentiful. No luck with the game on the lake Thursday morning arrived at the Hudson Bay settlement of Chipewyan, stopped a few hours, and set off down the Slave River, stopped at the Buffalo reserve for the night, making use of the keepers house. The mosquitoes, while not as big as sparrows, were as vicious as if they were that size, but being equipped with sleeping bags, the boys were safe in them. Friday found them at Fort Resolution, the head of the rapids with the big river bows unloading and returning. There is a good road here, then to Smith's, the head of the rapids by Ryan River. They had a tractor truck, which can pull a load of 1000 over the sandy road when dry and level, but heavy going when the river is in flood.

Mr. Albertini said they plan to cover every point in Alberta from North to South during July, so that when the next election comes, the people will know what the Social Credit System means and the importance of electing men in favor of giving it a fair trial. He said they had no time to face. (a) Lack of opportunity of people to know and understand; (b) Those prejudiced and determined not to see.

Newsy Notes

Highway Improvement

First of the season's contracts for graveling of highways will be awarded June 20, following financial arrangements completed between the federal and provincial governments for road work. The first series of contracts will include the graveling of the balance of No. 5 highway from Bow Island east to the border of the province, the graveling of a stretch of the Jasper Park highway from Evansburg to Calgary, 18 miles, which work will put the Jasper highway in comparatively good condition; as well as further graveling from Calgary to Okotoks, the Alberta Beach highway west of Edmonton, High River to Vulcan, Lethbridge to Yraber, Stirling-New Deyton, and Spring Coulee-Lethbridge, Casper-Coronation, Lacombe-Gull Lake and Wetaskiwin-Pigeon Lake.

New Deputy Minister

E. I. Gray, for some years provincial field crops commissioner, took over his new duties last week as deputy minister of municipal affairs. Vice R. English, resigned. Mr. Gray is well known in the west as a government executive, and for his work in promotion of crop improvement, and the organization of seed grain relief and grasshopper control.

Numbers on Relief

Throughout the entire province of Alberta 55,582 persons were listed as recipients of relief as at June 1st, this year compared to a total of 52,551 men, women and children shown on the relief lists as at the same time in 1932. This is an increase of 2,231. The 1931 total when split up shows 26,702 on relief in the cities, 25,509 in the rural municipalities and outlying districts, and 1,380 single men cared for in relief kitchens and camps.

Municipal Road Grants

Allocations of government grants to municipalities and improvement districts throughout the province, for road work purposes, have been made. It is stated by Hon. O. L. McPherson, minister of public works, and each district is being notified of the amount available for its season's requirements. This is the first time of grants to municipalities for three years, no such grants having been paid in 1932 or 1933. The total appropriation this year, as voted by the legislature was \$200,000 which has been allocated on a basis of population, mileage of roads and construction costs.

Some re-sowing has been done in a few of the areas where drought conditions and soil drifting had seriously affected early crops, and coarse grains have in some of these instances taken the place of wheat. Winter wheat and rye crops have also suffered from the early drought.

We have received a copy of the new 1934 road map of Alberta, issued by the Provincial Government, showing paved, gravelled, earth and local roads from the international boundary to Port McMurray in the North. On the back of the map is printed information on Alberta lakes and summer resorts, national parks, historic sites, natural resources, fishing, bird game and other information for the tourist. Copies of the map may be obtained at news stands, hotels or motor associations.

Two men spent the holiday in New York, and stayed at a big hotel. Coming in late one night, they found that the lift was closed, which meant climbing the stairs to the top story. They therefore arranged to exchange funny

stories while mounting, so as to lighten their climb. They were practically at the top when one of them said: "Here's the best joke of all. I've left the golf downstairs."

Getting Away With It

"—And no bunkers." Something in Mrs. Jedberry's brain snapped, as she burst into the room and heard her golfing husband utter the above words.

"Hercules!" she shrieked, regardless of the presence of Jedberry's golfing friend. "Will you take an interest in anything else? It's golf, golf, morning, noon and night. I'm sick and—"

"But my dear, I really don't see what your driving—" she thought. "There you are driving!" she shrieked. "Everlasting golf. Can't you stop? Good heavens, Millie! I simply hate and a remark—"

"There's another of them!" yelled Millie. "Hazards, hazards, and you were discussing bunkers when I came. "But we weren't talking golf." "—N, not talking golf?" "No my dear. Old burning steamers." The terrible child watched the visitor slipping his tea for a few minutes and then protested.

"Mr. Smith drinks just like anybody else," he hawled. "Not like a fish!"

Article 6 of the Ottawa conference agreement provides a market outlet every year for 250,000,000 lbs. of Canadian herring and large of good quality.

NAMAKA FARM

"Resolved that strikes are detrimental to the cause of labour" was the topic for a debate held in our school last Friday. The affirmative was upheld by Henry Bergen and Mary Thibault. Mr. Cornelius Kopp and Agnes Bergen upheld the negative. Constructive criticism was given by C. E. Lipp. We thank the Dept. of Extension for the material placed at our disposal.

The school singing program will be held on June 29 A. M. in our school with a picnic following. In the afternoon at the beaver dam on the Bow River. In the morning the parents of the district will observe us in our singing and oral examinations in several of English and German subjects. After a short recess we will present our program. Two part singing, junior and senior dramatization in both English and German, recitations, solos and a drill will be presented. We wish this day to be check full of interest for both young and old.

The gray feet of silence descending over the edge of evening fell after noon on a group of young people at the Beaver Dam last Sunday. Young people from Carleton took a dip in the pool and then returned. Pleasantly the woods were echoing back the songs that gushed from the children of two great nations. They were songs that told of the joy and tragedy of life, of beauty, of love and of death. The up lifting magic cast a spell over all and carried them to the land of "Some where." All too soon came the time for breaking up. Was it happy? Ask those that were present.

TRACTOR RACES TO BE FEATURED AT WESTERN FAIRS NEXT MONTH

Visitors to the Western fairs and Exhibitions next month will have the unique experience of seeing farm tractors streak around the race track at Victoria—the famous Allis Chalmers Tractors—the famous Allis Chalmers No. 999, which holds the world's speed record for tractors, will be driven by Louis Meyer, famous racing driver, who will use the new low pressure Firestone Farm Tractor Tires. Meyer is the only man who has ever won three A.A.A. Championships and is one of the pair who have twice won the Indianapolis speedway race.

Since their introduction several years ago, pneumatic tires for tractors have met with great success. All equipment manufacturers have adopted them and tests show that tractors with these tires are able to do 27 per cent more work with 24 per cent savings in fuel while the tractor life is extended 23 per cent and repairs reduced by 50 per cent.

HERVEY NOTES

The Hervey weather prophet on his usual tour of duty, has been making a fine record of the weather.

The rumor regarding Mrs. J. P. Lawry's sister from Saskatchewan was decidedly premature.

The building of the Hervey gives off weird notes closely imitating that of a distressed bull dog marooned on an iceberg.

D. R. Rasmussen again takes advantage of good prices for hogs.

Mr. and Mrs. W. A. Laycraft were callers at the home of Frank Shive who speaks well of the General Hospital staff, but there is no place like home.

The alfalfa fields are ready for cutting and are good this year, yet Julius' eyes may be beyond the purple blossom, and rest on the rocks where the gold bug sleeps, even the beauties of the Douglas System can not die the longing stare.

Three thrilling softball games were played Sunday 11th at Baintown. In the Lytha men's team the first against Baintown men. The home team won with a score of 8 to 6, but were turned out by the Lytha men. The second game was between the Lytha men and the Baintown team, the score being 11 to 10. The Lytha men won. The third game was between the Lytha men and the Baintown team, the score being 18 to 10. Much good natured razzing was indulged in by the supporters of both sides.

CHEADLE

Two very interesting ball games were played in Chedale on Sunday last. The home team played Nantawale, the first game and lost by a large score. The second game was played between Chedale and Strathmore, the score being in favor of the home team. Returning games are to be played off soon.

The Sports Club of Chedale held a meeting on Thursday June 14th for the election of a new vice president and captain for the boys and girls team. Arthur Payne was elected captain of the boys and Ebenezer Craig was elected captain of the girls team. Bill Craig was elected coach of the girls team.

Mr. and Mrs. Hennessey from Calgary were visitors at the home of Mr. and Mrs. O. G. Craig for the week end.

Mr. and Mrs. Wu Kinton visited at the home of their daughter Mrs. C. D. McInnes of Calgary for a few days.

VALUE OF BACON

HOPE IMPROVEMENT

W. A. Wilson, animal products trade commissioner for Canada in Britain, visited Alberta last week, where he took occasion to emphasize once again the importance of persistent work in improving the quality of local bacon supplies for the old country markets, in which Canada has now been given a substantial quota. This is in line with the intensive campaign conducted jointly by the federal and provincial agriculture authorities during the last six months among the farmers of the province for the improvement of quality in hog production.

Information expressed for Mr. Schooling who is an outstanding man in his community.

Friday evening June 15th a large crowd gathered in Roy Hilde's barn and enjoyed a good dance. Dancing continued until morning because no one could go home on account of the muddy roads. Mr. and Mrs. L. P. Schooling were among those present.

Crops are looking good now since the rains and the farmers are again feeling more hopeful and looking forward to a this year's crop, instead of next year's crop.

Mr. and Mrs. Thompson was a week and visitor and shopper in Calgary.

Children all over the province are writing examinations this week and next week. Soon their holidays will start and we trust both students and teachers will return to school duties refreshed and eager for work.

vs Items

A party of six members of the Strathmore Group of Calgary with Mr. and Mrs. King as their leader gave a very successful and enjoyable party at the Strathmore Hotel last evening. The guests of their doctrine became universally practiced there is no doubt it would be a happier world in which to live.

Mrs. D. McMurray and daughters will leave early next week to spend her summer with friends in Quebec.

Miss Edith Ross of Victoria who has been visiting her sister Mrs. Ross and Mrs. Frederick Harvey returned Saturday morning last to her home in Victoria.

Mrs. R. Kenney and small son of Redlands spent the week end with her father E. W. Rust.

A baseball game was played between Meadowbrook and Rockyford on Sunday at Rockyford. The local boys were defeated 11 to 5.

The crops are looking very good after the recent rains. The farmers are going around with broad smiles on their faces. Another good rain fell on Monday afternoon.

ARDENODE

Mr. and Mrs. F. H. Hester spent a couple of days in Calgary last week.

Mr. and Mrs. A. C. Jensen and Mr. and Mrs. J. Horrocks spent Sunday last visiting in Calgary.

The district was well represented at the meeting of the Social Credit held in Strathmore Monday evening last.

Mr. R. Edwards had the misfortune to lose one of his valuable performance moves last week.

Mr. and Mrs. George Dawson and family spent Sunday evening visiting with Mr. and Mrs. Stedley.

Mr. S. W. Watson and Mrs. Wanda Platt were visitors at Mr. and Mrs. Stedley's on Sunday last.

THE MAKER OF MICKEY MOUSE

Who among us has not delighted to the antics of that little mouse, Mickey Mouse? Not one, who has had the pleasure of looking at his screen pictures? It may interest you, therefore, to hear something about his creator, Walt Disney, who has given so much joy to the world of children. I am sure you will agree with me that the creator of Mickey Mouse and Minnie Mouse and the uncomparable "Three Little Pigs" is a great man, Walt Disney has had a hard struggle to reach the exalted position he now occupies.

He was born in Chicago thirty-two years ago, where he absorbed a slight knowledge of Art, before his family removed to Kansas City. In the latter city he tried his hand at newspaper cartooning, at trade paper drawing and commercial art, and failed miserably at each of these. He then tried the animated movie cartoon business, but it was not a success in Kansas City; and finally Disney sank to the level (says Harpers Magazine) of making barber shop signs in payments of his labors. But he was not discouraged, because he felt he had something that the world wanted. He gathered up all the cash he possibly could and went to Hollywood where his first production was a tragic failure.

The Ladies Aid met last Thursday at the home of Mrs. H. F. Johnston. The meeting opened with scripture reading by Mrs. Johnston. As last week's recital was postponed owing to bad roads it was decided to invite Miss Green to give for July 1st. She was made to have a table of sewing for sale at the last supper this fall. At the close of the business meeting the hosts served a delicious lunch and a pleasant hour was spent over tea. Mrs. H. B. Brown will entertain the society next month.

There will be a community picnic at Beaver Dam on Saturday June 23rd. The teachers of Hammer Hill and Nanaka Schools assisted by the Y. P. S. are in charge of the arrangements. Each family is requested to bring its own basket. Sports will start at 2 p.m.

Nanaka softball boys team won the three team tournament at Chedale last Sunday 21st. Chedale won from Strathmore and Nanaka from Chedale. The sports recital is full for this week in Nanaka. On Friday the big tournament takes place with visiting teams from Strathmore, Strang and Monmouth as well as both the boys and girls home teams the latter playing Chedale. There will be races for the young folk in between and during games. Refreshments will be sold on the grounds. At eight a big dance in the I. O. O. F. hall will be held with a spacious orchestra in attendance. Next Sunday the A. P. Grain Co. team will drive down from Calgary to play a double header with the local boys.

Wm. Baker returned last Saturday after spending a week in Golden B. C. Jon. Robert who received a severe shaking up when he was thrown from a plough last week is able to be back at his work on the Sutton and Fawkes farm.

Mr. and Mrs. Mack Drake motored from Langdon last Sunday to spend the day with Mr. and Mrs. J. A. Little.

Mrs. Peterson with her daughters Stella and Nina spent Sunday at Crossfield.

Mr. and Mrs. J. Thomson and Miss Helen Thomson arrived by motor Monday to spend a month's vacation with their parents Mr. and Mrs. Huns Thomson. The heartiest good wishes of the community are extended to James and his bride who before her marriage on June 14th, was Miss Berneice Delong of Lincoln, Neb.

RASPBERRIES BEGINNING TO MOVE THIS WEEK, PROBABLY AT THEIR PEAK NEXT WEEK.

Coffee, fresh ground, per lb	25c
Our Hard-to-Beat Coffee, lb	30c
Red Rose, Very Special, lb	30c
Malkins Best Coffee lb	40c

Medium Size, full of juice, dozen	55c
Large Size, full of juice, dozen	50c

Bing Cherries are extra good this season, try a pound.

STRATHMORE TRADING COMPANY

STANDARD

Mrs. E. Larson and small son spent last week with her mother and father Mr. and Mrs. Haffner.

The Standard English Ladies Aid met in the home of Mrs. W. Thompson June 18th. Each member brought a grandmother. The members answered the roll call with some remembrance of their grandmothers. Miss Alcock returned missionary from India gave an interesting lecture. Mrs. Sparks of Standard read a paper on Pioneer Women, which was enjoyed by all. Five girls rendered 5 vocal numbers. Mrs. Rev Beck of Standard was an honor guest.

Following the program a lunch and social hour ended a most pleasant meeting. The next meeting is to be held in the home of Mrs. Les Chalmers.

Sunday the Knights of Pythias Men and O. E. S. members of Standard held a joint picnic at Rosebud Creek. Well filled lunch baskets, sports, drinks, races and ball games contributed to a very enjoyable day. Sunday was an ideal picnic day and all present expressed a wish to repeat the picnic next year.

Mr. and Mrs. Ronayne Gregory and daughter Helen, and Mrs. Milford Gregory were Calgary visitors Monday.

Some of the Standard Young Fry attended the dance at the Hyman on Friday evening. The dance was fine but it rained, and did some one get stuck in the mud?

Mr. and Mrs. A. L. Williams and family attended the joint picnic Sunday at Rosebud. Standard friends always are pleased to have the Williams in our midst. They always took an active part in all social life and public activities and we miss them.

Mr. and Mrs. Melvin Mule were Sunday evening visitors in the home of Mr. and Mrs. E. Wirt.

Mr. and Mrs. F. D. Knowlton have returned from Nova Scotia where they visited in the home of Mr. Knowlton's father who is ill but reported to be improving.

Mr. Turquoise and daughter of California are visiting in and around Standard.

The Standard U. P. W. A. will meet with Mrs. Melvin Mule Thursday p.m.

A round table discussion on Canadian Women who have made great contributions to Public Life, will be one of the features of the program.

Wednesday evening June 12th Mr. and Mrs. C. P. Dahl, Mr. and Mrs. E. L. Wirt returned to the home of Mr. L. P. Schooling where a surprise party was held for Mr. and Mrs. L. P. Schooling. Between 90 and 100 people were present to welcome Mrs. Schooling to Canada. At 12 o'clock a bounteous luncheon was served and kind words of welcome tendered on behalf of Mr. Schooling and praise and appreciation.

In Vancouver

Make the Hotel Grosvenor your home while in Vancouver. Here is every comfort and service—cheerful lounge, writing and smoking rooms, dining room. Just two blocks away is the centre of Vancouver's shopping and theatre district. Rates are very reasonable.
